

HIV/AIDS Resource Center for Clinicians

SEATEC provides HIV information and skill development that is accurate, current, practical and compassionate. We direct our services especially to providers in Alabama, Georgia, Kentucky, North Carolina, South Carolina, and Tennessee who deliver care to underserved and at-risk populations. We offer unique opportunities for physicians and other clinicians to acquire HIV clinical management skills through our clinical preceptorships in HIV care settings, and insure rapid dissemination of treatment information to clinicians.

Southeast AIDS Training and Education Center (SEATEC)
Emory University School of Medicine
735 Gatewood Road, N.E.
Atlanta, GA 30322-4950

Ira K. Schwartz, MD, Director
Felicia Guest, MPH, Director of Training
