UCSF School of Dentistry: Programs and Vision for the Future
UCSF School of Dentistry: Programs and Vision for the Future
Our school is recognized globally for its contributions to oral health and beyond.
UCSF School of Dentistry: Programs and Vision for the Future

Programs

- Flagship DDS degree program
- Combined degree programs
- International Dentistry Pathway
- Residency and post-graduate training
We train dentists who are also scientists.
UCSF School of Dentistry: Programs and Vision for the Future

Driven by Excellence

- Two-thirds of our graduates pursue residencies
- One-third enter primary care
UCSF Dentistry is consistently No.1 in NIH funding
Diverse Research Portfolio

- Organ and tissue regeneration
- Health disparities and public health
- Risk assessment
- Head and neck cancer
- Biomaterials and bioengineering
UCSF School of Dentistry: Programs and Vision for the Future

We tackle the toughest problems through inter-disciplinary research.
UCSF School of Dentistry: Programs and Vision for the Future

We are the largest Denti-Cal provider in Northern California.
Our student, resident and faculty dentists provide millions in free or reduced-fee care annually.
UCSF School of Dentistry: Programs and Vision for the Future

UCSF Dental Center

- 125,000 patient visits per year
- Three main clinical sites in SF
- Most board-certified dentists under one roof for 350 miles
Highly specialized care

We address the full spectrum of patient needs — from routine preventive care to the most complex oral and craniofacial cases.
Depth and breadth of expertise in health sciences is a unique advantage.

Being a part of the UCSF ecosystem positions us to treat the whole patient.

Knowledge for Health

UCSF School of Dentistry: Programs and Vision for the Future
Dentistry will look dramatically different in 20 years.
Teaching to Future Reality

- Technology-enabled
- Team-based care
- Community experience
- Lean clinic operations
Dental students face crippling debt upon graduation.

Tuition-free by 2040

Invest to ensure we have high-caliber providers to take care of our community
The fastest route to measurable public health outcomes is to embed oral health into the general health care system.
Oral health is linked to overall wellness

- Adverse pregnancy outcomes
- Heart disease
- Diabetes
- Alzheimer's
Helping those who need it the most

- Oral health is better than 50 years ago, but not for everyone
- Caries (cavities) is the No.1 chronic disease among children
- 23% of adults lack dental insurance
Integrate dentistry with health care delivery

Treat the whole patient for better prevention, better health outcomes

Our Clinical Mission: Comprehensive, patient-centered care for all

UCSF Dental Center
Community Connection
Growing Top Talent
UCSF School of Dentistry: Programs and Vision for the Future

Become a world-class destination for specialty care, but still embrace our public mission.
Serving the Community

- Community Dental Clinic: 25 years of serving San Francisco's homeless
- 36 student organizations conducting community outreach
A thriving clinical enterprise provides better training for learners and attracts the best clinicians.

UCSF School of Dentistry: Programs and Vision for the Future

Accelerating discovery to improve people's lives
UCSF School of Dentistry: Programs and Vision for the Future

Tackling health challenges from all angles

- Decoding disease on the cellular level
- Caries risk assessment and prevention
- Tobacco, vaping and sugar
- Public health and disparities
Bench to Chairside

Investing in clinical trials and implementation sciences will accelerate the pace at which discoveries benefit patients.
