

# About UCSF

The University of California, San Francisco is the leading university exclusively focused on health. Through advanced biomedical research, graduate-level education in the life sciences and health professions, and excellence in care delivery, UCSF spearheads revolutions in health worldwide.

*UCSF Health was one of the first U.S. hospitals to provide care for COVID-19 and played a significant role in the public health response in collaboration with the City and State, as well as in research into testing, transmission prevention and care protocols, and working in our communities throughout the pandemic.*

## UCSF Chancellor

**Sam Hawgood, MBBS**, a renowned researcher, professor, academic leader and pediatrician, has been Chancellor of UCSF since 2014.

Recognized for his strong leadership as dean of UCSF School of Medicine from 2009 to 2014 and his brief tenure as interim Chancellor, Hawgood was selected after a national search as UCSF's 10th chancellor. He reports to UC

President Michael V. Drake and the UC Board of Regents.

Today, Hawgood, the Arthur and Toni Rembe Rock Distinguished Professor at UCSF, oversees a \$9.25 billion UCSF enterprise, which includes the top public recipient of research funds from the National Institutes of Health, a medical center ranking among the top five in the US, and San Francisco's second-largest public employer of more than 27,242 faculty and staff.

## Education

UCSF consistently ranks among the nation's top universities for its four graduate schools — Dentistry, Medicine, Nursing, and Pharmacy — as well as its graduate programs in basic science, social science, and global health. According to the 2022-2023 U.S. News & World Report rankings, UCSF was recognized as the:

- #1 medical school in obstetrics and gynecology
- #2 medical school in primary care
- #3 medical school in research
- #3 medical school in oncology
- #3 medical school in clinical medicine
- #5 graduate research in bioscience and biochemistry
- Among top 10 in anesthesiology, family medicine, gerontology, pediatrics, and psychiatry

Training takes place at UCSF Health's hospitals and clinics, as well as at its partner hospitals – Priscilla Chan and Mark Zuckerberg San Francisco General Hospital and Trauma Center, the San Francisco Veterans Affairs Medical Center, Community Regional Medical Center in Fresno – and numerous clinics throughout Northern California.

All four professional schools are among the nation's leaders in research funding from the National Institutes of Health. While *U.S. News and World Report* does not rank dental schools, the UCSF School of Dentistry has ranked #1 nationwide in NIH research funding for 28 of the last 30 years and is among the world's top oral and craniofacial research enterprises.

## Health Care

**#1**  
HOSPITAL  
IN  
SAN FRANCISCO  
*U.S. News & World  
Report 2022-23*

- **UCSF Health** is recognized worldwide for its high-quality, innovative care, informed by pioneering research and advanced technologies.

UCSF Medical Center has been ranked among the country's finest hospitals in adult care by U.S. News & World Report's prestigious Best Hospitals survey. It was named to the Best Hospitals Honor Roll for 2022-23, a distinction earned by 20 medical centers nationwide that deliver the highest quality care in numerous specialties, procedures and conditions.

With more than 1,700 clinical trials each year, UCSF Health is at the forefront in offering patients the latest therapies, led by clinician researchers who are committed to providing the most advanced care in their fields.

UCSF Health includes UCSF Medical Center, UCSF Benioff Children's Hospitals in San Francisco and Oakland and the Langley Porter Psychiatric Hospital and Clinics. The health system also includes affiliations with top-tier hospitals and physician groups throughout the region bringing specialty care to patients close to home.

- **UCSF Benioff Children's Hospitals**, with locations in Oakland and San Francisco, comprise the largest network of children's medical providers in Northern California, and offer more than 50 pediatric medical specialties and subspecialties, including the region's top-ranked pediatric cancer care.
- **UCSF Dental Center** operates 22 clinics in San Francisco, providing comprehensive dental services from routine care to the most sophisticated oral health care available today.

## Economic Impact

UCSF stands as one of the principal economic engines generating employment and revenue throughout San Francisco and the nine-county Bay Area.

## UCSF Budget

**FY 21-22: \$9.25 billion budget revenue**

## Scientific Discoveries

UCSF scientists drive revolutions in health, from the discovery that enabled physicians to control the AIDS epidemic to innovative responses to the COVID-19 pandemic and recombinant DNA techniques that laid the groundwork for today's biotechnology industry.

## Research

UCSF is recognized as one of the world's greatest research universities, with a collaborative culture focused on understanding, preventing and treating disease.

**UCSF is the top public recipient of the highly competitive funding from the National Institutes of Health (NIH).**

In 2022:

■ UCSF School of Medicine	\$751 million
■ UCSF School of Pharmacy	\$30 million
■ UCSF School of Dentistry	\$24 million
■ UCSF School of Nursing	\$13 million

## Community Impact

As a leading public university, UCSF is committed to its public mission to serve, educate and care for the community.

COMMUNITY ENGAGEMENT PROGRAMS:

**100+**

PUBLIC PARTNER HOSPITALS:

**Zuckerberg San Francisco General Hospital and Trauma Center** : 150+ years

**San Francisco Veterans Affairs Medical Center**: 50+ years

Community engagement programs include:

- **UCSF Science and Health Education Partnership (SEP)**, supporting science education in 90% of San Francisco's public schools. UCSF also leads the Bay Area Science Festival, engaging 75,000 participants.
- **UCSF Dental Outreach programs** offer free dental care across Northern California through student externships, and free dental procedures through the Community Dental Clinic for low-income and homeless patients.
- **UCSF Program in Medical Education for the Urban Underserved (PRIME-US)** prepares medical students to care for vulnerable populations by partnering with community clinics and nonprofit organizations.
- **San Francisco Cancer Initiative (SF CAN)**, launched in 2016 with the city, public health and community groups with the goal of reducing cancer mortality in San Francisco, especially among the most vulnerable members of the community.
- **Early Academic Outreach Program (EAOP)** provides programs to increase college enrollment and encourage advanced education in science to high school students in UCSF's surrounding communities.
- **Anchor Institution Mission (AIM)** collaborates with community partners to increase the economic security and opportunity for underresourced populations in the San Francisco Bay Area by leveraging UCSF's workforce development, procurement and community investment resources.
