School of Dentistry Dean Announces He Will Retire

VIDEO: New Regenerative Mysteries in the Sterility Genome

Link Between Common Virus and Heart Disease in Some Women

Golden Compass Program Launches for Aging HIV Patients

Seen Around Campus

José Longoria and Abeel Weidenheimers’ $350K donation to the Golden State Warriors basketball camp for at-risk youth was hosted Feb. 25 by the UCSF Antiresonant Comprehensive Training (ACT) program.

UCSF In The News

Scalp-Cooling Caps Help Prevent Hair Loss in Chemo

The New York Times | Hope Rugo, M.D., discusses results of her study showing that women with early-stage breast cancer who underwent scalp-cooling treatments were significantly more likely to keep at least some of their hair throughout chemotherapy.

Science Closing In on Polio-Like Virus that Paralyzed Children

San Francisco Chronicle | Infectious diseases expert Charles Chiu, M.D., discusses results of a new study that’s closing in on a “smoking gun” linking a mysterious illness found in children since 2014 to a mutated form of Enterovirus 68.

Campus Announcements

Water Testing Update: UCSF has released more results from the continuing water-quality testing across campus and medical center locations. Learn more about the testing results »

New Recycling Website: Have you ever been unclear about what items should be reused, recycled, composted, or disposed of for landfill? A new recycling website by Campus Life Services has been launched to help. Learn more about the website »

Public Service Award Nominations: Do you know a student, staff member or faculty member who has demonstrated outstanding public service? Nominations for the Chancellor’s Award for Public Service are open through March 7. Nomination page for the awards »

Staff Engagement Survey Now Open: UCSF has again partnered with Gallup to conduct a staff engagement survey, which opened on Monday, Feb. 27. All staff should check their email for a message from Gallup. The survey takes only 10 minutes, and your anonymous responses will provide critical feedback on how to continue to make UCSF a better place to work. Make your voice heard!
